

Making exceptional dental care affordable.

Our affordable dental payment plan: Patient's Choice.

At Corner Dental, it's our goal to make exceptional dental care affordable for ALL patients—even those not supported by an employer's dental insurance plan. Our own Dr. Scott Kalniz created the Patient's Choice Dental Plan specifically for:

- Patients without dental insurance
- Patients who have recently retired
- Patients with large families

"Through discounted fees, Patient's Choice is our way of making exceptional Corner Dental care affordable. And our patients still have access to specialists and full-service dentistry."

Dr. Scott Kalniz, partner of Corner Dental

For as little as \$50 a year, you could save \$1,000.

Patient's Choice members can save significantly with every dental treatment and visit. So significantly, in fact, that it's possible to make the annual fee pay for itself several times over.

30-50% off most dental procedures

Buy one cleaning & oral exam, get one free

Reasonable membership fees.

Individual \$50.00 for one year
Family \$100.00 for one year
(includes anyone living in the household)

NOTE: Larger families enjoy larger savings with the Patient's Choice Family plan.
